**TEST BANK PHARMACOTHERAPEUTICS FOR ADVANCED PRACTICE 4TH  
EDITION BY VIRGINA POOLE ARCANGELO**

**Product Description**

Pharmacotherapeutics for Advanced Practice: A Practical Approach 4th Edition Test Bank

**ISBN-10:**1496319966

**ISBN-13:**9781496319968

Multiple choice questions (T/F, MCQ, Short Questions, Essays, ...). ALL CHAPTERS AVAILABLE Test bank is what most professors use a reference when making exams for their students, which means there is a very high chance that you will see a very similar, if not the exact question in the test!

**Table of Contents**

**UNIT 1 Principles of Therapeutics**

Chapter 1 Issues for the Practitioner in Drug Therapy

Chapter 2 Pharmacokinetic Basis of Therapeutics and Pharmacodynamic Principles

Chapter 3 Impact of Drug Interactions and Adverse Events on Therapeutics

Chapter 4 Principles of Pharmacotherapy in Pediatrics

Chapter 5 Principles of Pharmacotherapy in Pregnancy and Lactation

Chapter 6 Pharmacotherapy Principles in Older Adults

Chapter 7 Principles of Pharmacology in Pain Management

Chapter 8 Principles of Antimicrobial Therapy

Chapter 9 Complementary and Alternative Medicine

Chapter 10 Pharmacogenomics

**UNIT 2 Pharmacotherapy for Skin Disorders**

Chapter 11 Contact Dermatitis

Chapter 12 Fungal Infections of the Skin

Chapter 13 Viral Infections of the Skin

Chapter 14 Bacterial Infections of the Skin

Chapter 15 Psoriasis

Chapter 16 Acne Vulgaris and Rosacea

### **UNIT 3 Pharmacotherapy for Eye and Ear Disorders**

Chapter 17 Ophthalmic Disorders

Chapter 18 Otitis Media and Otitis Externa

### **UNIT 4 Pharmacotherapy for Cardiovascular Disorders**

Chapter 19 Hypertension

Chapter 20 Hyperlipidemia

Chapter 21 Chronic Stable Angina

Chapter 22 Heart Failure

Chapter 23 Arrhythmias

### **UNIT 5 Pharmacotherapy for Respiratory Disorders**

Chapter 24 Upper Respiratory Infections

Chapter 25 Asthma

Chapter 26 Chronic Obstructive Pulmonary Disease

Chapter 27 Bronchitis and Pneumonia

## **UNIT 6 Pharmacotherapy for Gastrointestinal Tract Disorders**

Chapter 28 Nausea and Vomiting

Chapter 29 Gastroesophageal Reflux Disease and Peptic Ulcer Disease

Chapter 30 Constipation, Diarrhea, and Irritable Bowel Syndrome

Chapter 31 Inflammatory Bowel Disease

## **UNIT 7 Pharmacotherapy for Genitourinary Tract Disorders**

Chapter 32 Urinary Tract Infection

Chapter 33 Prostatic Disorders and Erectile Dysfunction

Chapter 34 Overactive Bladder

Chapter 35 Sexually Transmitted Infections

## **UNIT 8 Pharmacotherapy for Musculoskeletal Disorders**

Chapter 36 Osteoarthritis and Gout

Chapter 37 Rheumatoid Arthritis

## **UNIT 9 Pharmacology for Neurological/Psychological Disorders**

Chapter 38 Headaches

Chapter 39 Seizure Disorders

Chapter 40 Major Depressive Disorder

Chapter 41 Anxiety Disorders

Chapter 42 Insomnia and Sleep Disorders

Chapter 43 Attention Deficit Hyperactivity Disorder

Chapter 44 Alzheimer Disease

Chapter 45 Parkinson Disease

### **UNIT 10 Pharmacotherapy for Endocrine Disorders**

Chapter 46 Diabetes Mellitus

Chapter 47 Thyroid Disorders

### **UNIT 11 Pharmacotherapy for Immune Disorders**

Chapter 48 Allergies and Allergic Reactions

Chapter 49 Human Immunodeficiency Virus

### **UNIT 12 Pharmacotherapy for Hematologic Disorders**

Chapter 50 Pharmacotherapy for Venous Thromboembolism Prevention and Treatment, Stroke Prevention in Atrial Fibrillation, and Thromboembolism Prevention with Mechanical Heart Valves

Chapter 51 Anemias

### **UNIT 13 Pharmacotherapy in Health Promotion**

Chapter 52 Immunizations

Chapter 53 Smoking Cessation

Chapter 54 Weight Loss

## **UNIT 14 Women's Health**

Chapter 55 Contraception

Chapter 56 Menopause

Chapter 57 Osteoporosis

Chapter 58 Vaginitis

## **UNIT 15 Integrative Approach to Patient Care**

Chapter 59 The Economics of Pharmacotherapeutics

Chapter 60 Integrative Approaches to Pharmacotherapy—A Look at Complex Cases

# Chapter 1 Issues for the Practitioner in Drug Therapy

---

## MULTIPLE CHOICE

1. Nurse practitioner prescriptive authority is regulated by:
  - A. The National Council of State Boards of Nursing
  - B. The U.S. Drug Enforcement Administration
  - C. The State Board of Nursing for each state
  - D. The State Board of Pharmacy

ANS: C                      PTS: 1

2. Physician Assistant (PA) prescriptive authority is regulated by:
  - A. The National Council of State Boards of Nursing
  - B. The U.S. Drug Enforcement Administration
  - C. The State Board of Nursing
  - D. The State Board of Medical Examiners

ANS: D                      PTS: 1

3. Clinical judgment in prescribing includes:
  - A. Factoring in the cost to the patient of the medication prescribed
  - B. Always prescribing the newest medication available for the disease process
  - C. Handing out drug samples to poor patients
  - D. Prescribing all generic medications to cut costs

ANS: A                      PTS: 1

4. Criteria for choosing an effective drug for a disorder include:
  - A. Asking the patient what drug they think would work best for them
  - B. Consulting nationally recognized guidelines for disease management
  - C. Prescribing medications that are available as samples before writing a prescription
  - D. Following U.S. Drug Enforcement Administration (DEA) guidelines for prescribing

ANS: B                      PTS: 1

5. Nurse practitioner practice may thrive under health-care reform due to:
  - A. The demonstrated ability of nurse practitioners to control costs and improve patient outcomes
  - B. The fact that nurse practitioners will be able to practice independently
  - C. The fact that nurse practitioners will have full reimbursement under health-care reform
  - D. The ability to shift accountability for Medicaid to the state level

ANS: A                      PTS: 1
